

WHY DO I NEED A RECYCLE BAG?

- In 2007 the Northland region recorded a year of exceptional growth, increasing at a rate of 4.1 compared to the national average of 2.8 percent.
- Many holiday destinations are too far away from Transfer Stations as a result recyclable commodities are thrown out with general waste.
- Tourists are not made aware of locations for disposal, now it is as easy as being a local!
- Thank you for purchasing an ON THE ROAD RECYCLING bag. You are helping to KEEP NEW ZEALAND BEAUTIFUL by reducing our landfill volume as well as litter from our parks, beaches and roadsides.
- Enjoy your stay in the Beautiful North!

Support:

“On the Road Recycling” was initiated and developed by Community Business Environment Centre (CBEC) through its Eco Solutions division. It is supported by the Whangarei, Kaipara, Far North and the Northland Regional Councils. All recycling companies in Northland are committed to supporting the project and accepting the recycling bags.

About us:

CBEC is a community owned, not for profit organization which has been in operation for 18 years. We have created significant employment growth in the Far North region by implementing practical initiatives for the environment and the community as a whole. To continue to achieve these goals we need to maintain our links with the broader community to ensure our incentives meet the needs of our community. We value support, involvement and feedback and will continue to keep you informed of Eco Solutions activities.

ON THE ROAD RECYCLING

A guide to recycling while on the road in Northland.

WELCOME TO ON THE ROAD RECYCLING

- The first system of its kind in New Zealand designed to assist tourists and travelers to recycle as they journey throughout the Northland Region.
- Visitors can easily recycle using local council recycling centres (transfer stations) and the prepaid bag recycling system.
- Recycling bags can be purchased at Northland-wide Information Sites, Service Stations, Stores and Supermarkets throughout the North. Bags cost \$1.50
- Filled bags can be dropped off at recycling centres (transfer stations) and drop off points located on the Jason Maps, Destination Northland and AA tourist brochures.
- The ON THE ROAD RECYCLING bags can contain glass bottles, plastic bottles, cans and paper.
